Sports & Fitness Programs

March Fitness Classes

No Limits Strength: Focus entirely on building strength and muscle while utilizing our training system - **The QUAD**. Focus on every muscle group, maximize muscle, and increase your ability to burn fat.
Mondays, Wednesdays, & Fridays, 6:30 - 7:30 am
Register Online!

Hatha Flow Yoga: Use a sequence of movements that "flow" with the breath in a vigorous series to build strength and increase endurance, flexibility, and muscle tone. For yoga students who have practiced yoga for at least one month and are seeking a stronger physical workout in their yoga practice.
Mondays, Wednesdays & Fridays, 8:15 - 9:15 am
Register Online!

Barre: A low-impact, fat-burning workout using our **Ballet Barre** with a combination of ballet, light weights and Pilates. Stretching segments to lengthen body and increase flexibility while toning.
Mondays & Wednesdays, 11:45 am - 12:45 pm
Register Online!

TRX Strength Class: The TRX Suspension Trainer leverages gravity and your body weight to perform hundreds of exercises to develop your strength, balance, flexibility, and core stability simultaneously. Designed for all fitness levels to push you to new levels of strength only using your body weight.
Tuesdays & Thursdays, 5:30 - 6:15 pm
Register Online!

Little Hitters

Your 3-5 year old little hitter will learn basic motor skills for organized tee ball, baseball, and softball in a fun non-threatening environment. Little Hitters will spend quality time with their parents while having fun.

Tuesdays, March 2 - 23 5:00 - 5:45 pm

Register Online!

Permits: are required for most home projects. Visit www.bcmud.org (Utilities & Resident Services > Permits).

Pets must be on a leash in Brushy Creek Parks & Trails. Please scoop & discard pet waste.

Water Conservation Info: Visit www.bcmud.org for any water restrictions and ways to conserve water.

Due Date: All water payments are due the 23rd of each month. If the 23rd falls on a weekend or Holiday, payments are due on the next business day.

Reduce Bills: Each year during the months of November through February, the District averages water consumption to determine your sewer charge. Your bill due in April will be the first bill with the new sewer average cost. Please contact Customer Service at (512) 255-7871 x1 with any questions.

Stormwater

March through June begins the rainiest period of the year in central Texas. During this time, it is necessary to be mindful of stormwater runoff. Stormwater runoff is water that flows after a rainfall.

During rainstorms, water runs off driveways, parking lots, rooftops and streets picking up pollutants while flowing to the storm sewer system. Once stormwater enters the storm sewer system of inlets, pipes or channels, it flows downstream to the nearest detention or retention pond, creek, lake or river. The pollutants that this runoff picks up can ultimately harm the water body that it flows to.

Residents can help reduce the harmful effects of these pollutants by keeping the curb clean in front of their house, properly disposing of chemicals and paint, making sure yards aren't over fertilized, picking up pet waste and keeping vehicles properly maintained. This is just to name a few.

For more information, visit www.bcmud.org > Utilities & Resident Services > Stormwater / Drainage System Information.
