\$ Water Tips \$

How to Conserve Water in the Laundry Room:

- Wash full loads of clothes in the washer on the shortest cycle.
- Use environmentally friendly detergents.
- Don't throw clean clothes in the hamper because it's easier than folding them and putting them away.
- Re-wear clothing that you only wore for a short period of time.

Individual Short Term (3 month) Membership

An Individual 3-month Short Term Membership is now available. This membership offers complete access to the center's amenities, including indoor walking track, game room, child play, gymnasiums, racquetball courts, weight room, aerobic classes and free coffee.

The cost for an Individual Short Term Membership is:

\$35 for a resident (+\$25 activation fee)

\$75 for a non-resident (+\$25 activation fee)

Please note: Brushy Creek residency or an **annual** membership is required to receive discounts on rentals.

Tierrah's Water Conservation Tip:

Turn the water off when you are soaping your hands to wash them. (From Mrs. Brunson's 2nd Grade Class as Great Oaks Elementary).
