## **Brushy Creek MUD Athletic Field Use Policy**

This policy governs the use and availability of the areas designated as athletic fields within the Brushy Creek Municipal Utility District. This policy may be suspended, in whole or in part, by the Brushy Creek Municipal Utility District for the public comfort, convenience or welfare and may be superseded by any agreement approved by it.

### **I. Identification of Athletic Field locations**

- A. The following locations have been labeled as official athletic fields and are subject to the terms and conditions of this policy:
  - 1. Community Park - one soccer field + one tee ball field
  - 2. Cat Hollow Park - large greenbelt areas for multipurpose + one tee ball field
  - 3. Pepper Rock Park - one tee ball field + green area for multipurpose

### **II. Reservation process**

- A. The District manages its athletic field areas depending on each location's circumstances in order to maximize potential use for each.
- B. Lottery system
  - 1. An official lottery system through the recreation registration software will be used to reserve all athletic fields available for practice teams. The District will publicize open registration dates to get into the lottery, and coaches will reserve locations based on the results of the lottery.
  - 2. Only one representative per team is allowed to participate in the lottery, preferably the head coach of the team
  - 3. In order to be eligible to participate in the lottery, at least one coach of each team must be a resident of the Brushy Creek Municipal Utility District. A driver's license with a valid Brushy Creek address will be required when signing in for the lottery. No commercial enterprises are permitted to participate in the lottery.
  - 4. During the lottery, tee ball fields may only be reserved by tee ball coaches; soccer fields may only be reserved by soccer or flag football coaches. If an athletic field location remains unreserved at the end of the lottery, then it is available for reservation by either coach.
  - 5. The age group of each team may be a factor in determining which athletic field locations will be available for team practice. For example, teams of

younger players will be combined onto larger practice areas/fields in specifically designated spots to maximize the practice space available to all.
